

August 31, 2021

Dear Crystal Lake Township Board,

This concerns the plan for parking at the outlet on Mollencamp road. I hope that the township will enforce the restrictions for cutting trees and making changes of the property near the lake shore.

I feel the Park + Recreation plan will just bring more people, pollution and problems to that area.

It is a natural area and should stay one.

(over)

People come here "Up North",
to get away from parking lots
and signs telling you what
you can and cannot do.

All we need is a small
sign saying "natural area,
enjoy, leave only foot prints."

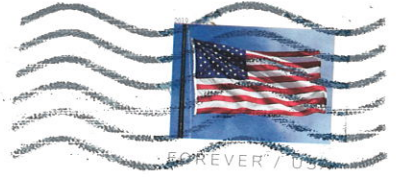

Appendix,
Jill Burnside
