Subject: Invitation to share Crystal Lake Township Updates on WUWU Community Radio

To: clerk@cltbenzie.org <clerk@cltbenzie.org>

Hi Judy,

Happy New Year.

Here at WUWU Community Radio we are interested in helping the community access information about local government and how they can make their voices heard. (If you're not familiar with us, we are a [new low power community radio station](#) run by volunteers located in Frankfort/Elberta). We are going to start a segment at 10am on the morning show where we have local government officials call in to help keep us informed. We would like to have someone from Crystal Lake Township call in on the **second and fourth Fridays of the month** to give a preview or summary of the monthly meeting and share any important events coming up in Crystal Lake Township.

Would someone from the Township Board or Staff be available to come on the air with us on the 2nd and 4th Fridays at 10am? We envision the segment being fairly short - maybe 10-15 minutes max depending on how much you have to report.

Thanks and I look forward to hearing from you.
