

Where can I buy fireworks in Michigan?

From now through the Fourth, you probably can't swing a sparkler without hitting someone selling fireworks. There are pop-up fireworks stores in every corner of the state.

Those shops should all have certificates confirming they are licensed to sell fireworks. It is illegal to sell consumer fireworks unless an individual has obtained a certification from Michigan's Department of Licensing and Regulatory Affairs (LARA). Individuals can apply for certificates to sell fireworks in both permanent and temporary structures.

Look for those certificates if you want to make sure you're buying from a reputable dealer who is only selling fireworks legal in the state.
