Resolution Number: 09-21-2021 #

Date: 21 Sept 2021

WHEREAS, the section of North Cemetery known as "Woods" (and abbreviated as being Section "W") originally sold plots with the understanding there would be no routine maintenance performed there; and for decades there has been no routine maintenance in that area; and

WHEREAS, there have been many downed trees and debris that have come down, and many more tree and debris that threaten to fall, already endangering human life and damaging gravesites, with the great potential for more danger and damage;

WHEREAS, although with this action the Board is not breaking with the original understanding that no maintenance is routinely provided in Section W, the Crystal Lake Township Board seeks to mitigate and remedy physical danger and damage to life and property; and

NOW, THEREFORE, BE IT RESOLVED the Crystal Lake Township Board authorizes the amendment of the Cemetery budget, if necessary, and the expenditure of up to \$2500 to remove specially identified downed, leaning and dead trees and accompanying debris that inhibits safe passage of visitors to visit these gravesites.
